

#GivingTuesday is December 2nd!

Is Aging in Community Important to You or Someone You Love?

After the turkey and stuffing on Thanksgiving day and the spending frenzy on Black Friday and Cyber Monday, kick off your holiday giving season with an end-of-year charitable gift to Monadnock at Home (MaH). As a non-profit organization, we'll put your gift to work as we support seniors living in the Monadnock region who wish to age at home. With our crew of volunteers and service providers, we make sure that our seniors have the transportation and services they need in order to remain safely in their homes while also connecting them to others within our community.

Here are the facts:

- Over 90% of adults want to stay in their own homes as they age
- Only 10-15% have the resources for appropriate care

MaH is part of the village network sweeping the nation as described in this recent NY Times article: http://www.nytimes.com/2014/11/29/your-money/retirees-turn-to-virtual-villages-for-mutual-support.html?ref=your-money&_r=0

Making a donation to MaH is also the perfect holiday gift for someone who already has everything. If you make a donation in honor or memory of someone special we will send them a card acknowledging your donation in their honor.
